

Angel M700

Overview

Chip

Impinj M730/M830

EPC

128bits

USER

Null

Antenna Dimensions

70*14mm

Frequency Band

860MHz-960MHz

International Standard

EPC global C1 Gen2 and ISO18000-6C

Industry Segments

Apparel

Applications

Store Inventory、Anti-Counterfeiting Traceability

Angel M700 Inlay is an ultra-high-performance RFID product, available in M700 and M800 series. Both versions are suitable for a variety of RFID tagging applications, including supply chain, inventory and logistics, apparel and daily necessities. Angel M700 is available in various delivery forms such as dry inlay, wet inlay and label, hangtag, and PET-free laundering label.
